TO: FCC

FROM: JODY SAWOOD

REGARDS; MB DOCKET NO. 04-233

DOCKET FILE COPY ORIGINAL

DEAR FCC,

I AM WRITING AS A RESIDENT IN THE COMMUNITY OF GUNNISON, COLORADO. K-LOVE SERVES MY COMMUNITY AND IS LISTENED TO BY A LARGE NUMBER OF PEOPLE IN OUR COMMUNITY.

IF K-LOVE WERE DISPLACED BY AN LPFM BROADCASTER, PROVIDING OTHER PROGRAMMING, OUR COMMUNITY WOULD SUFFER A GREAT LOSS DUE TO THE NATURE OF K-LOVE'S EXCELLENT PROGRAM SELECTIONS AND SERVICES.

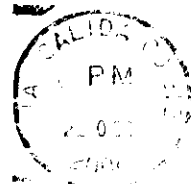

K-LOVE SERVICE IS IN THE PUBLIC INTEREST AS IT PROVIDES CHRISTIAN MUSIC AND PROGRAMMING TO THE LARGE NUMBER OF CHRISTIANS IN OUR AREA. IT IS ALSO AN OUTREACH TO OTHER LISTENERS IN OUR AREA. K-LOVE IS ALSO SAFE LISTENING FOR THE WHOLE FAMILY AND ALL AGES.

Sincerely,

To Whom It May Concern:

I am concerned about the possibility of the signal of K-LOVE Christian radio being replaced by an LPFM station. In these days of tolerance of a wide range of language and subject matter, K-LOVE provides family-friendly programming to the local community. It is in the public interest for anyone, regardless of age, to be able to enjoy music and commentary without being subjected to foul language and questionable content. If K-LOVE were displaced by an LPFM broadcaster providing a different type of programming, there would be a void in my listening time. K-LOVE provides a positive, encouraging message not only for me and my family, but the entire local community as well.

Thank you for this opportunity to appeal for your consideration in this matter.

Sincerely,

RE: MB Docket No. 04-233

To whom it may concern;

AIR 1 is a wonderful lift to my spirit. It is a positive resource, thus keeping me productive as a resident. AIR 1 is a positive motivator through its music, DJ's, and other messages. If AIR 1 were displaced by an LPFM broadcaster, this would prove as a great dis-service. I work at the local juvenile hall, and the many young people in the facility, find AIR 1 inspiring. Therefore, there is a huge possibility that these troubled youth may continue to listen to AIR 1 once they are released back into our community. They, too, may find AIR 1 as a positive resource, thus keeping them productive as a residents of this area. With this being said, AIR 1 is in the public interest!

Sincerely,

A handwritten signature in black ink, appearing to read "Alyson Walton".

To Whom It May Concern:

I am writing in regards to "MB Docket No 04-233". In this election year when we are repeatedly told how we can all use our rights as citizens of the United States of America to make a difference, I feel I must write to voice my opinion as you decide whether to expand the LPFM Service.

We are rapidly becoming a society of declining moral values. Just look at the violent/sexual content of popular TV shows/movies. We who are trying to impart Christian principles to our children, find it increasingly hard to compete with these outside influences.

One positive force in this effort is the Contemporary Christian radio station KLOVE. It provides uplifting music and messages to countless people in the Kansas City area and around the country. It would truly be a great loss should you decide to allow the LPFM stations to take priority over current FM translator service which brings us KLOVE.

I would ask you to please give this matter great consideration and remember those of us who depend on KLOVE to provide a positive Christian influence in our lives.

Sincerely,

RE: MB Docket No. 04-233

I live in Salem Oregon. I listen to Christian music on FM 90.3 AIR 1, which is broadcast locally from ~~the~~ Western Baptist college campus. It is listener funded.

We in this country complain about the problems of young people and all the trouble they get into. AIR 1 is a light of good values and morals shining 24 hours day and night. The music appeals mostly to young people. But there are many like me - I'm 62 - that are uplifted by passionate love for the Lord which is the music that is played.

The local community service and volunteer opportunities, as well as special fund raising for worthy causes, would lose its voice. The youth community in Salem is brought together for coat drives for school children, serving the homeless, etc. Please leave AIR 1 on FM as it is, and not give FM translator priority to LPFM

(over)

RECEIVED & INSPECTED  
OCT 15 2 50 PM  
MOOREHEAD, MO  
Family values is promoted by both presidential candidates and both parties. The choice to put listener supported AIR 1 FM radio at risk and loose the positive values and morals promoted by AIR 1 seems contrary to family values promotion.

Please do not let LPFM have priority over FM ~~translator~~ service which is used by AIR 1.

Sincerely,

Judy Young

Re: MB Docket No. 04-233

October <sup>15</sup> 2004

I am writing to you concerning your proposal to expand LPFM which may in fact cause one of my favorite radio stations to go off the air.

I listen to K-LOVE every day as I am driving to and from work and I love that station! It is one of the only radio stations that has beautiful music that is good for the soul as well as the ears. This station certainly serves me well and any other listeners who want a station that they know won't be playing any offensive music.

If you replace K-LOVE with some other station, who knows what kind of a station it will be? I personally am sick of all the stations that play the teeny-booper music, and the non-stop talk shows with periodic off-color humor, and the elevator-music stations also! I LIKE K-LOVE and quite a few of my friends do also! So, if you replace K-LOVE with a station of your choice then you are NOT serving me well....you are denying me and others the choice of a pleasant Christian radio station.

K-LOVE provides a valuable service not only to me but to other listeners. If I need calming or uplifting music, I can find it there. Periodically, they have an encouraging message or interesting news brief that I don't hear on the regular radio stations. It is in the public interest to offer a variety of programs because we are a country of diversity..... This is a great channel for people who want to hear pleasant Christian music. Another one of my favorite channels is the public radio station KCBH...not a Christian station but another great example of an excellent station.

I want choices when I turn on the radio. Please consider my opinion when making your decision! Thanks.

Sincerely,

*Ms. Maureen Kelly*

This letter is in reference to "MB Docket NO. 04-233"  
A letter to the FCC, I was informed  
today of your LPFM stations possibly  
expanding and possibly interrupting our  
local Air 1 station (90.1) these actions  
would be considred evil in my eyes because  
this is no ordinary station the Lord of  
all dwells within this and would not be  
pleased, I say this for your benefit  
for what man of government would  
try to contend with God. I speak  
as a true servant of the LORD I am from  
no religion or church but from truth.  
I really don't mean to waste your  
time but do not interrupt any Air 1  
communications it would be counted a  
fault unto you. Put it like this  
Air 1 is a light in this dark world if you  
try and put out the light, you will be  
~~in~~ turning your light off on ours. This  
is just another ~~test~~ you probably don't  
even know what moves you (of you all)  
to make these actions. I perceive that  
some of you are probably non believers.  
Repent and believe ye blind men. Blessed  
are they who are not offended in me.  
God bless you all, really, truthfully ~~AMT~~

Good Afternoon:

I listen to K-LOVE and would really miss not having it on my car radio. The service provided by K-LOVE is outstanding and very much in the public interest. They do not have any delays. They do not need delays because their broadcasts are for all ages. You will not hear anything about sex, drugs, and killing people on K-LOVE. The government has taken God out of everything. You do not want to continue this downward slide and take God off the air.

Please do not replace it with a LPFM. This country needs more stations like K-LOVE. Thank you for your time and consideration. God bless you and your family.

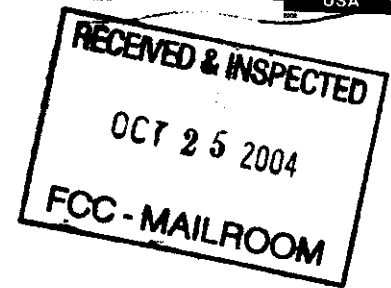

Sincerely,

John McKinney

Dear sirs,

My letter is in reference to  
MB Docket No. 04-233.

Please Keep KLOVE on the air!  
We'd be deeply dismayed if you  
did otherwise.

We need Christian values, and  
encouragement especially in these  
trying times. We really  
appreciate the news being told  
from a Christian perspective.

The music is so upbeat that  
it even reaches the younger  
generation as well as the  
many "baby boomers." 1

"No. of Copies rec'd"  
List ABCDE

Baby boomers make up the  
largest population. I'd think

PLATE 12

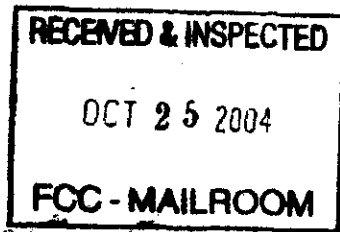

that would be considered when  
deciding to keep, or take away  
KLOVE.

Family and family values are  
being challenged by immoral ideas.  
We need the support of KLOVE to  
stand by us, encourage us, and  
be there 24/7 for us!

I speak for many that believe  
this, that may not be aware of this  
threat, or may not believe their  
voice matters. Prove to us our  
voice does matter, and count. Prove  
to us you do care about the  
majority, and <sup>believe</sup> that we are very  
satisfied with the way things  
are currently including KLOVE.  
Thank you for all you can do.

Sincerely,

Re: **MB Docket No. 04-233**  
**Public Comment**

Dear FCC:

I have just learned about the FCC's proposal to expand the Low Power FM (LPFM) service and that expansion is putting my favorite radio station, K-LOVE, in jeopardy.

My radio station is **ALWAYS** tuned to K-LOVE on 91.9. I can not emphasize to you enough how much this radio station and its programming means to me. After stumbling onto it about 5 years ago, it is the only radio station I listen to.

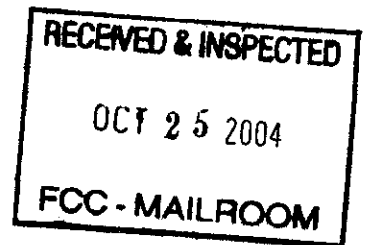

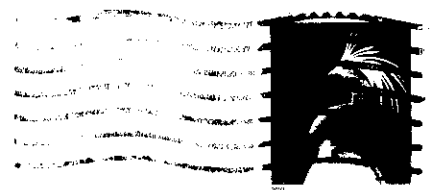

There are so few stations that provide relevant, encouraging and positive news and music. Please don't take this away from me, my family and friends, and my community.

Sincerely,

Kathy Raymond

Considerations regarding the use of LPFM will adversely affect our communities. Alameda County here in California AND across the nation to our Brothers & Sisters in New Bedford, Massachusetts is severely populated with captive listeners, blind, hearing-impaired, home bound, commuters, children, etc. We would suffer a loss in community service if K-LOVE 99.3 Fremont, CA & WFHL 88.1 New Bedford, MA were to be displaced by an LPFM broadcaster providing other programming. Our communities have many challenges - one of them being able to support continued service with K-LOVE & WFHL. We are informed of our most urgent local needs and obtain vital volunteer response due to the most important information brought to us by K-LOVE & WFHL. Please, do not let these services be forced off the air.

Thank You & God Bless You,

Re: MB Docket No. 04-233

DOCKET FILE COPY ORIGINAL

Dear FCC,

Some years ago, San Antonio enjoyed the broadcast of a local FM station with a Contemporary Christian music format. A for-profit company owned the station and the signal became of such value that the station was sold and the format changed. We went without that desired format for a number of years until a group was able to establish KXPZ on 91.3Mhz about 8 years ago.

KXPZ was established as a listener supported station. This was done under the theory that hunger for advertising dollars would not effect it's value and we would not be tempted to sell for profit. It was a shoestring operation at the start because it had to build listener base to produce income. The DJs were volunteers who brought their records and cds from home to play. As interest grew and technology changed the station affiliated with a national organization that sent a quality broadcast signal by satellite inserting locally produced information by computer cue.

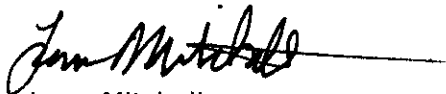

A few years later, K-LOVE bought the signal and tied it into it's nationwide system and the programming. The format is a very welcomed, positive message in music for our community and is not duplicated by anyone else in the area. In addition, they also broadcast on 92.1Mhz in Corpus Christi and on 106.3Mhz in Austin. The combination of these three stations makes it possible to hear K-LOVE's very positive broadcast throughout the area I live in. I can also find their signal in a number of other communities across the country.

I understand a proposal has been made to expand Low Power FM in such a way that it will take priority much of K-LOVE's current FM translator service. Were this to come about in this community, it would a be great blow and leave us without a station dedicated to the Contemporary Christian format so many of us love. K-LOVE serves the public interest in our community by providing programming we can trust for content for our families to listen to.

I urge you to allow the K-LOVE signal to take priority over the LPFM signal. This is a much-needed resource in our area and we would be damaged to loose it.

Thank you for your consideration.

Yours very truly,

  
Lane Mitchell

October 18, 2004

Dear Friend,

*It has been brought to my attention today that my favorite radio station K-Love may be in jeopardy of being forced off air due to the proposed rule changes regarding LPFM possibly being given priority over FM translator service. This would be a shame to the listening audience of K-Love. I am served as a resident of my local community by community events and news broadcast on K-Love. If K-Love is taken off the air our area would suffer a void in contemporary Christian programming resulting in a spiritual input during drive time which is likely to lead to more angry drivers instead of people having a constant mind on Christ. I believe the service provided by K-Love serves the community interest by providing positive, encouraging music and no commercials to help those who listen through the work day.*

Sincerely, James L. Carroll

DOCKET FILE COPY ORIGINAL

To the FCC,

An important issue has come to my attention. I went to your website and tried to submit a comment on [http://gulfoss2.fcc.gov/prod/ecfs/upload\\_v2.cgi](http://gulfoss2.fcc.gov/prod/ecfs/upload_v2.cgi) on the "localism" campaign, reference number MB Docket No. 04-233. Unfortunately, the comment wouldn't "submit", so I chose to rewrite it and send it to you. This shows you how much I believe in this issue. This is my comment:

It is my belief that **the FCC should not replace K-LOVE signals with LPFM broadcaster provided programming.** I am giving you several reasons. They are:

**I believe K-LOVE provides promise to the people of our nation. With other stations bashing the government, telling only sensational, depressing stories and politically-active news, people become numb to bad things, events that hurt other people, killings, hatred, etc. in order to protect themselves. Some stations enflame anger in people so that the people will call in and make the talk-show host look good, agreeing with his method of thinking. K-LOVE provides "Positive and encouraging" air time all of the time.**

Another thing to consider is this. **There are enough people listening to K-LOVE to keep it on the air. This station, as you know, is "listener-supported."** A huge population of people would be affected if the FCC were to assume it knew what these people wanted to hear better than those people themselves. I know that the result would be tragic if the FCC replaced K-LOVE with something else. **People around the world would be affected. There are a number of people who listen to K-LOVE via the internet, and they are thankful they can get it.**

**"K-LOVE radio station is a source of God's strength, comfort and guidance to people all over the world daily.** I listen to it every day. I am thankful that I have K-LOVE to turn to through the day. While I was driving for my job, I was thankful I could find local K-LOVE stations along the way and kept me going. I am glad the local stations offer information that is local about concerts, programs, and issues that I can benefit from locally.

K-LOVE plays upbeat, exciting music as well as slower, adagio-type songs. My 81-year old father asked me how he could listen to K-LOVE. My brother turned me onto it a few years ago. My son loves to listen to it with me. **The content of the programs are family oriented, not just focused on one population of people.**

My husband recently chose to divorce me after 24 years of marriage. I was thankful for K-LOVE. I and many other people need to hear God's comfort and strength daily, continuously. **K-LOVE provides that "positive, encouraging" format. They are there to help people. They are not just there to get ratings.**

No. of Copies rec'd 0  
DATE

I gladly support K-LOVE financially, as well as with my prayers. I don't have that much money right now, but I do know my gifts are well-spent. **K-LOVE helps people who are looking for a reason to live, a purpose in their life, and so many other reasons.** Imagine what the FCC would be doing to the people of this country if it decided it knew better than they did.

K-LOVE plays upbeat, fast-paced music that makes you want to sing along. It also plays slow, moving songs. It's format is directed towards all people. My 11-year old son likes to listen to K-LOVE. I love it when we're listening together and he says, "turn it up! I love this song!" **My 11-year old son likes to listen to music I love to listen to! I KNOW that doesn't happen when families listen to other music stations.**

**I know I can trust K-LOVE completely to provide safe, wholesome music and air time for my friends and my family.** I don't have to worry about turning down the volume when certain songs come on the air. I remember turning down the volume when "please, Baby, go all the way" was being played on another station. I don't have to worry about other air time issues, as well.

**K-LOVE news is not just sensational.** K-LOVE cares. It tells stories no one will ever hear on other stations. Most people have only heard about killings and beheadings in Iraq, the bad things that happen to the Americans in that country. **K-LOVE reports about the number of good things happening.** For example, it tells of the number of people who are becoming Christians, asking for Bibles, etc. These people are our "brothers and sisters", and we should care what happens to them. We should be thankful and excited when we learn that they are seeking Jesus Christ and God's salvation for their lives. I know that there is other news to be heard to get the "rest of the story." **I hear daily news everywhere. I could change stations if I wanted news, but that's not what I'm listening for.**

I could probably go on, but I know I have stated my case. I also know that saying more would not improve this letter. **Please. I am asking you to preserve K-LOVE radio. The people of our country, as well as our world, will benefit when you chose to preserve, and listen to, K-LOVE radio. Thank you for your time.**

God bless you,

A handwritten signature in cursive script that reads "Marcia Andersen". The signature is written in black ink and is positioned above the typed name and address.

Date: Oct. 19, 2004

To whom it may concern at the FCC,

I have been writing about the LPFM service taking priority over current FM translator service. I am very concerned as I am a finical donor and supporter of K-LOVE radio. K-LOVE serves our community in many positive ways.

1. It gives us Christian music and without commercials.
2. A safe radio station for our families to listen to
3. It's a ministry tool used for God.

I needed to be lifted up with positive music and I get that from K-LOVE. We lost a child last year and it was a very difficult time for our family. When we came home from the hospital I was able to listen to K-Love and the music let me know I was not alone. Then the announcer came on and said a prayer that I needed to hear in that hour of desperation.

I know a police office that leaves his radio on K-LOVE and uses this as an instrument to try and reach the prisoner and to show he is a man doing his job, but with compassion.. If you were to take K-LOVE off the air I would have nothing to listen to. Did I mention music a big part of my life? I sing at my church and at Oklahoma City Community College. Almost all of my friends listen to K-LOVE and they too would be very unhappy if K-LOVE where taken off the air.

Please prayerful consider what is best for the people, not what is best for the pocket book.

Regards,

*Glenda Bitner*
